landmarktrees@outreachecology.com

Contribute a tree to the database!

Landmarking trees is fun and easy! All you have to do is find a tree, give it a name, and describe where it is. If you are interested in sharing the trees you've landmarked, we hope that you'll help us by organising the following information, and sending it to us via the web form at

<http://www.outreachecology.com/landmark/contribute/>

1) Name of Tree _____

2) Any alternate names, in any language

3) A description of the tree- why is it significant? What is interesting about it?

4) Location details (try using Google Maps)

1. Latitude _____

2. Longitude _____

5) Species identification

1. Scientific name _____

2. Local name _____

6) How many digital photographs are you sending? _____

1. Please post them online at a web album such as Facebook, Flickr, or Google Plus.

7) Your name _____

8) Your contact details _____

Thank you!
